## INFORMED CONSENT FOR MAMMOGRAMS, BLOOD WORK, GENETIC TESTING, AND VACCINES

Your mammogram, lab work, and/or vaccines may or may not be covered by your insurance plan or Medicare/Medicaid. **You are responsible for determining insurance coverage for these tests and for any payments to outside laboratories or facilities. Even if these tests are covered, charges may apply towards your copay or deductible. We do not verify coverage or benefits for these services.** Additional tests may also be added at the provider's discretion if abnormal results are returned.

**\*\*\*Please note:** it is our office policy for the pap test to be performed with HPV typing in order to enhance the detection of cervical dysplasia/cancer in patients 30 years of age or above. Pap smears may not need to be collected each year, depending on current recommendations. If you have questions concerning HPV testing, please discuss them with the provider during your visit.

I have read the information above and understand its content. I understand that I may ask questions about testing at any time. I hereby give my consent to have my blood drawn or tissue samples collected for the labs discussed with the provider, or to receive the vaccine(s) recommended.

**FINANCIAL POLICY**  
**Updated January 18<sup>th</sup>, 2017**

- 1. All payments are required at the time services are rendered.** If we are in network with your insurance company your copay, unmet deductible and/or coinsurance must be paid at the time of service. These amounts are only estimates of total financial responsibility and you may still be billed for additional amounts after the claim for your visit has been finalized. Federal law requires that we collect copays at the time of service; otherwise we can be charged with fraudulent business practices. Patients who may have difficulty paying at the time of service should ask about payment options you may be eligible for. All payment arrangements must be made prior to services being rendered.

**It is the patient's responsibility to know whether or not the provider of service is in network.** The agreement with your insurance company is a contract between you and the insurance company. Please call the number on the back of your insurance card for this information. If we are not in network with your insurance or if you fail to get the necessary referral or authorization to see our providers, you will be responsible for the difference between physician charges and any out-of-network payments. If your plan states that you need a referral to see Dr. Jukes, it is your responsibility to obtain the referral from your primary care physician or insurance carrier, depending on your plan benefits, prior to services being rendered.

**Non-preventive concerns addressed at a wellness visit may not be covered in full.** While many insurance plans cover well woman exams in full, any existing problems addressed at the same visit may be subject to copays and/or deductibles/coinsurance.

**Patients are responsible for verifying lab test coverage prior to testing.** Some lab tests such as STD or hormone testing, lipid panels, and Vitamin D testing may not be covered by your insurance. Other tests may have a copay or charges towards your deductible or coinsurance. Many screening tests are not covered by Medicare. We do not verify any of this information. You are responsible for any lab fees not paid by your insurance.

**If you are undergoing surgery, it may be necessary, at Dr. Jukes' discretion, to use an assistant surgeon** to safely complete your surgery. Any assistant surgeon fees not covered by your insurance will be your responsibility.

**If you are undergoing surgery, please note** that Lisa M. Jukes, M.D. has a financial interest in Stonegate Surgery Center, LP and Arise Austin Medical Center.

**Patients without insurance coverage are eligible for a 30% discount** off of our usual and customary billed fees. However, to receive this discount, payment must be made in full at the time of service.

- 2. A 24 hour cancellation notice is required if you cannot keep your appointment.** There will be a fee applied to your account if we do not receive 24 hours' notice of a cancellation. Fees will be assessed as follows: new patient - \$100.00; established patient annual exam - \$100.00; follow-up visit - \$50.00; in office procedures - \$150.00. 1 week's notice is required for the following in order to avoid the indicated fee: Pelvic Floor Rehabilitation - \$150.00; LEEP, Essure, or ablation - \$500.00; facility surgeries - \$750.00. This fee must be paid in full before the missed appointment can be rescheduled. In addition, accumulating 3 "no-shows" without 24 hour cancellation notice for scheduled appointments will result in termination of the doctor-patient relationship.
- 3.** For any balances on your account, you will receive an invoice requesting the payment that is due. **Please note that a finance charge of 3% will be accrued on any balance left unpaid for more than 45 days.** Failure to pay the outstanding balance will result in your account being sent to a collection agency. We will have no alternative but to terminate the doctor-patient relationship at this point. If your account is turned over to collections and you wish to reestablish care, you will be responsible for payment of the balance as well as a 40% charge to cover the costs of the collections agency. If there are unusual circumstances preventing you from paying your bill, please contact our financial coordinator Caroline at (512) 301 – 6767.
- 4.** Please be aware that there is a \$35.00 fee for the release of medical records to a patient. There is no fee for the release of medical records to another physician with written request from the patient. A minimum charge of \$20.00 will be assessed for any paperwork to be completed by Dr. Jukes for your employer, school, attorney, etc. The exact fee will depend on the documentation required.
- 5.** We do not accept the following insurance plans: Medicaid, Medicare, and Medicare Managed Care plans; Tricare Humana Military; Humana HMOs; BlueCross BlueShield HMOs; Aetna Advantage Plans (QHP). This is not an exhaustive list.
- 6. On-time/paperwork completion policy:** We cannot consider your on time for your appointment until all necessary paperwork is completed in full. Paperwork is required for all new patients as well as yearly for established patients at their annual exams. If you do not have the required paperwork completed in full by the time of your appointment, it is possible that we may have to reschedule your appointment to a later time or different day if no later appointments are available. We reserve the right to charge you the appropriate cancellation fee if we are unable to see you for your appointment due to paperwork delays. You are always welcome to complete your paperwork ahead of time; all of your forms can be found on our website: lisamjukesmd.com.
- 7. You may request a copy of this billing policy, an itemized statements of your account, or a written estimate of your out-of-pocket expenses for any service we provide at any time.**
- 8.** Any questions or complaints regarding our billing policies can be directed to our financial coordinator Caroline at (512) 301 – 6767.

Please sign below to acknowledge this financial policy and agree to adhere to it.
